MSCI

The Company

We are a leading global provider of investment decision support tools, including indices and portfolio risk and performance analytics for use by institutions in managing equity, fixed income and multi-asset class portfolios. Our flagship products are our international equity indices marketed under the MSCI brand and our equity portfolio analytics marketed under the Barra brand. Our products are used in many areas of the investment process, including portfolio construction and optimization, performance benchmarking and attribution, risk management and analysis, index-linked investment product creation, asset allocation, investment manager selection and investment research.

Our clients include asset owners such as pension funds, endowments, foundations, central banks and insurance companies; institutional and retail asset managers, such as managers of pension assets, mutual funds, exchange traded funds (“ETFs”), hedge funds and private wealth; and financial intermediaries such as broker-dealers, exchanges, custodians and investment consultants. As of February 28, 2009, we had approximately 3,100 clients across 61 countries. We had 21 offices in 15 countries to help serve our diverse client base, with approximately 51% of our revenue from clients in the Americas, 32% in Europe, the Middle East and Africa (“EMEA”), 10% in Japan and 7% in Asia-Pacific (not including Japan), based on revenues for the three months ended February 28, 2009.

Our principal sales model is to license annual, recurring subscriptions to our products for use at specified locations by a given number of users for an annual fee paid up front. The substantial majority of our revenues comes from these annual, recurring subscriptions. Over time, as their needs evolve, our clients often add product modules, users and locations to their subscriptions, which results in an increase in our revenues per client. Additionally, a significant source of our revenues comes from clients who use our indices as the basis for index-linked investment products such as ETFs. These clients commonly pay us a license fee based on the investment product’s assets. We also generate a limited amount of our revenues from certain exchanges that use our indices as the basis for futures and options contracts and pay us a license fee based on their volume of trades.

Share Conversion

We have two classes of common stock outstanding. As of the date of this prospectus supplement, Morgan Stanley owns 27,708,653.79 shares of our class B common stock, which represents approximately 65.7% of the combined voting power of all classes of voting stock. As of April 30, 2009, we had 72,391,427 shares of class A common stock outstanding, representing approximately 34.3% of the combined voting power of all classes of voting stock. Our class A common stock generally has fewer votes per share than our class B common stock. See “Description of MSCI Capital Stock—Common Stock—Voting Rights” in the accompanying prospectus.

Morgan Stanley is selling class A common stock in this offering because its class B common stock will automatically convert into shares of our class A common stock when sold pursuant to this offering. See “Description of MSCI Capital Stock—Common Stock—Conversion” in the accompanying prospectus. Upon completion of this offering, Morgan Stanley will cease to own any shares of our class B common stock. Accordingly, upon completion of this offering we will have only one class of outstanding capital stock: class A common stock.

RELATIONSHIP WITH MORGAN STANLEY

Following the completion of this offering, Morgan Stanley will no longer own any shares of our common stock and therefore will cease to own a majority of the total voting power of our common stock. This change in Morgan Stanley's ownership interest will affect certain of the rights, obligations and provisions contained in our agreements with Morgan Stanley and organizational documents, each as further described below.

Agreements with Morgan Stanley

Services Agreement

Our amended and restated services agreement with Morgan Stanley pursuant to which Morgan Stanley agreed to provide, directly or indirectly through its subsidiaries or subcontractors, services in the areas of human resources, information technology, accounting, legal and compliance, tax, office space leasing, corporate services, treasury and other services will terminate within six months of the completion of this offering. Since our initial public offering we have invested in expanding our own administrative functions and have replaced substantially all of these services ourselves or through third parties.

License Agreement

Our amended trademark license agreement with Morgan Stanley, which grants us an exclusive royalty-free license to use the Morgan Stanley trademark "Morgan Stanley Capital International," will terminate upon completion of this offering. We have already transitioned our marketing to the "MSCI" trademark and no longer use the "Morgan Stanley Capital International" trademark. We own the "MSCI" trademark and plan to continue to use it after this offering.

Separation Agreement

In connection with this offering, we will enter into a separation agreement with Morgan Stanley pursuant to which we will agree to settle all intercompany amounts owed between us and Morgan Stanley within 90 days of the closing of this offering. Additionally, while we have obtained our own insurance policies and are now excluded from Morgan Stanley's insurance policies, the separation agreement will also govern certain insurance matters between us and Morgan Stanley. We do not expect this agreement to materially increase our expenses.

Employee Matters Agreement

We intend to enter into an Employee Matters Agreement with Morgan Stanley, which will govern certain employee related matters associated with our separation from Morgan Stanley. We do not expect this to have a material impact on our results of operations.

Shareholders Agreement

Our amended and restated shareholder agreement with Morgan Stanley will terminate upon completion of this offering (except for certain indemnification provisions), including (i) Morgan Stanley's right to purchase additional shares of class B common stock and appoint additional directors to our board of directors and (ii) certain restrictions on our actions, including restrictions on our ability to repurchase or redeem shares of our outstanding capital stock.

Tax Sharing Agreement

Prior to May 2, 2008, we filed federal income tax returns and certain other income tax returns with Morgan Stanley on a consolidated, combined or unitary basis under the provisions of our tax sharing agreement with Morgan Stanley. After May 2, 2008, we continued to file only certain state and local income tax returns with Morgan Stanley on such basis. As a result of this offering, we will no longer file any federal, state or foreign tax returns with Morgan Stanley on a consolidated, combined or unitary basis. We do not expect a material difference in our tax expense as a result of filing all of our tax returns on a separate stand-alone basis.

Organizational Documents

Morgan Stanley's ceasing to own at least 50% of the aggregate voting power of our outstanding voting stock following the completion of this offering will change certain of the corporate governance provisions set forth in our organizational documents.

- Section 203 of the DGCL: We will be governed by the "business combination" provisions of Section 203 of the Delaware General Corporation Law, which prohibits a person who acquires more than 15% but less than 85% of all classes of our outstanding voting stock without the approval of our board of directors from merging or combining with us for a period of three years, unless the merger or combination is approved by a two-thirds vote of the shares not owned by such person.
- Limits on written consents: Any action required or permitted to be taken by our shareholders must be effected at a duly called annual or special meeting of shareholders and may not be effected by any consent in writing in lieu of a meeting of such shareholders, subject to the rights of the holders of any series of preferred stock.

Board Composition

Three members of our seven person board of directors, including our lead director, are employees of Morgan Stanley. We expect that one of the Morgan Stanley directors, Kenneth deRegt, will resign from our board of directors upon completion of this offering. The other two Morgan Stanley directors will remain on the board for a transition period after the completion of this offering. We expect to fill any vacancies on the board with individuals that meet the independence requirements of the NYSE.

In addition, upon completion of this offering we will no longer qualify as a "controlled company" for purposes of the exemptions from the NYSE corporate governance standards. As a result, we will be required to have at least one independent director on our nominating and compensation committees upon completion of this offering, a majority of independent directors on those committees within 90 days after the completion of this offering, and fully independent nominating and compensation committees and a majority independent board within one year of the completion of this offering. In order to be in compliance with these requirements upon completion of this offering, Rodolphe M. Vallee was appointed to our nominating and corporate governance committee. In addition, Benjamin F. duPont was appointed to our compensation committee on May 17, 2009. As a result, one member of our nominating and corporate governance committee and two of the four members of our compensation committee are independent. We intend to appoint additional directors meeting the NYSE independence requirements within the time periods required by the NYSE corporate governance standards.

MATERIAL U.S. FEDERAL TAX CONSIDERATIONS FOR NON-U.S. HOLDERS OF COMMON STOCK

The following discussion is a summary of the material U.S. federal income and estate tax considerations that may be relevant to you if you become a beneficial owner of our class A common stock and you are not a citizen or resident of the United States, a U.S. domestic corporation, or a person that would otherwise be subject to U.S. federal income tax on a net income basis in respect of such common stock. The summary deals only with shares of class A common stock that will be held as capital assets and does not purport to deal with all possible tax consequences of purchasing, owning, and disposing of our class A common stock. In particular, the summary does not address the tax consequences that may be applicable to persons in special tax situations, including persons that will hold shares of our common stock in connection with a U.S. trade or business or a U.S. permanent establishment or persons who hold more than 5% of our common stock. You should consult your own tax advisers about the tax consequences of the purchase, ownership, and disposition of our class A common stock in light of your own particular circumstances, including the tax consequences under state, local, foreign, and other tax laws and the possible effects of any changes in applicable tax laws.

Dividends

Any dividends that you receive with respect to our class A common stock will be subject to U.S. federal withholding tax at a 30% rate or such lower rate as may be specified by an applicable income tax treaty. In order to claim the benefits of an income tax treaty, you will generally be required to provide a certification of your entitlement to treaty benefits on IRS Form W-8BEN.

Sale, Exchange, or Other Disposition

Any gain that you realize upon a sale, exchange, or other disposition of our class A common stock will generally not be subject to U.S. federal income tax unless you are an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

Proposed Legislation

The Obama Administration has recently proposed legislation that would limit the ability of non-U.S. investors to claim relief from U.S. withholding tax in respect of dividends paid on stock issued by U.S. corporations, if such investors hold the stock through a non-U.S. intermediary that is not a “qualified intermediary.” The Administration’s proposals also would impose a withholding tax on the gross proceeds of the sale of securities effected through a non-U.S. intermediary that is not a qualified intermediary and that is not located in a jurisdiction with which the United States has a comprehensive income tax treaty having a satisfactory exchange of information provision. A non-U.S. investor generally would be permitted to claim a refund to the extent any tax withheld exceeded the investor’s actual tax liability. The full details of these proposals have not yet been made public, although the Administration’s summary of the proposals indicates that they are not intended to disrupt ordinary and customary market transactions. It is unclear whether, or in what form, these proposals may be enacted. You are encouraged to consult your own tax advisers regarding the possible implications of the Administration’s proposals on your income in respect of the class A common stock.

Estate Tax

If you are an individual, shares of our class A common stock that you own or are treated as owning at the time of your death will be included in your gross estate for U.S. federal estate tax purposes and may be subject to U.S. federal estate tax unless an applicable estate tax treaty otherwise provides.

Backup Withholding

In general, you will not be subject to any U.S. federal backup withholding tax on dividends that you receive with respect to our class A common stock if you provide a certification of your status as a non-U.S. person on

[Table of Contents](#)

IRS Form W-8BEN or otherwise establish an exemption. In addition, no backup withholding will generally be required with respect to the proceeds of a sale of our class A common stock that you make within the United States or through certain U.S. and U.S.-related financial intermediaries if the payor receives such a certification or you otherwise establish an exemption. If you do not provide a certification of your status as a non-U.S. person on IRS Form W-8BEN or otherwise establish an exemption, U.S. federal backup withholding tax will apply to such dividends and sales proceeds. The amount of any backup withholding from a payment to you will be allowed as a credit against your U.S. federal income tax liability and may entitle you to a refund, provided that the required information is timely furnished to the IRS.

Additionally, our executive officers and certain of our directors have agreed that, without the prior written consent of Morgan Stanley & Co. Incorporated on behalf of the underwriters, they will not, during the period ending 60 days after the date of this prospectus supplement, make any demand for, or exercise any right with respect to, the registration of any shares of class A common stock or any security convertible into or exercisable or exchangeable for class A common stock.

The following table shows the per share and total underwriting discounts and commissions the selling stockholder is to pay to the underwriters in connection with this offering.

	Paid by Selling Stockholder
Per Share	\$ 0.80625
Total	\$ 22,340,101.48

In order to facilitate the offering of the class A common stock, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the class A common stock. Specifically, the underwriters may sell more shares than they are obligated to purchase under the underwriting agreement, creating a naked short position. The underwriters must close out any naked short position by purchasing shares in the open market.

Table of Contents

A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the class A common stock in the open market after pricing that could adversely affect investors who purchase in the offering. As an additional means of facilitating the offering, the underwriters may bid for, and purchase, shares of class A common stock in the open market to stabilize the price of the class A common stock. The underwriting syndicate may also reclaim selling concessions allowed to an underwriter or a dealer for distributing the class A common stock in the offering, if the syndicate repurchases previously distributed class A common stock to cover syndicate short positions or to stabilize the price of the common stock. These activities may raise or maintain the market price of the common stock above independent market levels or prevent or retard a decline in the market price of the class A common stock. The underwriters are not required to engage in these activities, and may end any of these activities at any time.

From time to time, Morgan Stanley & Co. Incorporated and some of the other underwriters have provided, and continue to provide, investment banking services to MSCI. On November 14, 2007, we entered into the Credit Facility with certain affiliates of Morgan Stanley & Co. Incorporated and some of the other underwriters. See “Business—Arrangements Between Morgan Stanley and Us—Credit Facility” in our Annual Report on Form 10-K for the fiscal year ended November 30, 2008. We engaged an affiliate of Morgan Stanley & Co. Incorporated and Banc of America Securities LLC as joint lead arrangers for the Credit Facility.

The underwriters have agreed to reimburse MSCI and the selling stockholder for certain of their expenses incurred in connection with the offering of the common stock.

The estimated offering expenses, in addition to any underwriting discounts and commissions that will be paid by the selling stockholder, are approximately \$1.0 million, which includes legal, accounting and printing costs and various other fees associated with registering the class A common stock. Pursuant to our amended and restated shareholders agreement with Morgan Stanley, Morgan Stanley has agreed to pay the registration expenses for this offering, which includes legal, accounting, printing and various other fees associated with registering the class A common stock.

MSCI, the selling stockholder and the underwriters have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act.

Because MSCI Inc. and Morgan Stanley are affiliates of Morgan Stanley & Co. Incorporated, Morgan Stanley & Co. Incorporated is deemed to have a “conflict of interest” under Rule 2720 of the Financial Industry Regulatory Authority (“FINRA”). When a FINRA member with a conflict of interest participates as an underwriter in a public offering, the FINRA rules generally require that the public offering price may be no higher than that recommended by a “qualified independent underwriter” as defined by FINRA. Because a bona fide independent market (as defined in Rule 2720 of the FINRA) exists for the class A common shares, a qualified independent underwriter is not required to be appointed; however, the offering will be conducted in accordance with all other applicable provisions of the FINRA rules. The underwriting compensation received in connection with this offering will not exceed 8% of the gross proceeds from the offering.

VALIDITY OF COMMON STOCK

The validity of the issuance of the shares of common stock offered hereby will be passed upon for us by Davis Polk & Wardwell, New York, New York and by Cleary Gottlieb Steen & Hamilton LLP, for the underwriters.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission, or the SEC, utilizing a “shelf” registration process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. You should carefully read both this prospectus and any applicable prospectus supplement together with additional information described under the heading “Where You Can Find More Information” before deciding to invest in any of the securities being offered.

We have filed or incorporated by reference exhibits to the registration statement of which this prospectus forms a part. You should read the exhibits carefully for provisions that may be important to you.

MSCI INC.

We are a leading global provider of investment decision support tools, including indices and portfolio risk and performance analytics for use by institutions in managing equity, fixed income and multi-asset class portfolios. Our flagship products are our international equity indices marketed under the MSCI brand and our equity portfolio analytics marketed under the Barra brand. Our products are used in many areas of the investment process, including portfolio construction and optimization, performance benchmarking and attribution, risk management and analysis, index-linked investment product creation, asset allocation, investment manager selection and investment research.

Our clients include asset owners such as pension funds, endowments, foundations, central banks and insurance companies; institutional and retail asset managers, such as managers of pension assets, mutual funds, exchange traded funds (“ETFs”), hedge funds and private wealth; and financial intermediaries such as broker-dealers, exchanges, custodians and investment consultants. As of February 28, 2009, we had approximately 3,100 clients across 61 countries. We had 21 offices in 15 countries to help serve our diverse client base, with approximately 51% of our revenue from clients in the Americas, 32% in Europe, the Middle East and Africa (“EMEA”), 10% in Japan and 7% in Asia-Pacific (not including Japan), based on revenues for the three months ended February 28, 2009.

Our principal sales model is to license annual, recurring subscriptions to our products for use at specified locations by a given number of users for an annual fee paid up front. The substantial majority of our revenues comes from these annual, recurring subscriptions. Over time, as their needs evolve, our clients often add product modules, users and locations to their subscriptions, which results in an increase in our revenues per client. Additionally, a significant source of our revenues comes from clients who use our indices as the basis for index-linked investment products such as ETFs. These clients commonly pay us a license fee based on the investment product’s assets. We also generate a limited amount of our revenues from certain exchanges that use our indices as the basis for futures and options contracts and pay us a license fee based on their volume of trades.

Our principal executive offices are located at Wall Street Plaza, 88 Pine Street, New York, New York 10005 and our telephone number is (212) 804-3900. Our website address is www.msribarra.com. Our website and the information contained therein or connected thereto shall not be deemed to be incorporated into this prospectus or the registration statement of which they form a part.

USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, the net proceeds from the sale of the securities will be used for general corporate purposes, including working capital, acquisitions, retirement of debt and other business opportunities. In the case of a sale by a selling securityholder, we will not receive any of the proceeds from such sale.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated.

<u>Period ended</u>	<u>Three Months</u> <u>Ended</u> <u>February 28,</u>	<u>For the Year Ended November 30,</u>				
	<u>2009</u>	<u>2008</u>	<u>2007</u>	<u>2006</u>	<u>2005</u>	<u>2004</u>
Ratio of earnings to fixed charges	5.68	5.07	14.90	283.58	44.40	50.07

The ratios of earnings to fixed charges were calculated by dividing earnings by fixed charges. Earnings were calculated by adding (1) income from continuing operations before income taxes and (2) interest expense (including amortization of any debt fees and any debt discount). Fixed charges were calculated by adding interest expense and the amortization of any debt fees and any debt discount.

DESCRIPTION OF SECURITIES

This prospectus contains a summary of the securities that MSCI may sell. These summaries are not meant to be a complete description of each security. However, this prospectus and the accompanying prospectus supplement contain the material terms of the securities being offered.

DESCRIPTION OF MSCI CAPITAL STOCK

The following summary of the terms of the capital stock of MSCI is not meant to be complete and is qualified by reference to the relevant provisions of the General Corporation Law of the State of Delaware (the “DGCL”) and the MSCI amended and restated certificate of incorporation and by-laws. Copies of the MSCI amended and restated certificate of incorporation and by-laws are incorporated herein by reference and will be sent to you at no charge upon request. See “Where you can find more information” below.

General

Our authorized capital stock consists of 850,000,000 shares of stock, of which: (i) 500,000,000 shares are designated as class A common stock, par value \$0.01 per share; (ii) 250,000,000 shares are designated as class B common stock, par value \$0.01 per share and (iii) 100,000,000 shares are designated as preferred stock, par value \$0.01 per share. As of April 30, 2009, there were 72,391,427 shares of class A common stock outstanding and 27,708,653.79 shares of class B common stock outstanding. Each of the class A common stock and class B common stock constitutes a series of common stock under the DGCL. A description of the material terms and provisions of our amended and restated certificate of incorporation affecting the relative rights of the class A common stock, the class B common stock and any preferred stock is set forth below.

Common Stock

Voting Rights

Except as provided by statute or resolution of our board of directors in connection with the issuance of preferred stock in accordance with our amended and restated certificate of incorporation, holders of the common stock have the sole right and power to vote on all matters on which a vote of shareholders is to be taken. The holders of class A common stock and class B common stock generally have identical rights, except that holders of class A common stock are entitled to one vote per share while holders of class B common stock are generally entitled to five votes per share on matters to be voted on by shareholders, with certain exceptions as provided by our amended and restated certificate of incorporation. For example, for purposes of approving a merger or consolidation, a sale of all or substantially all of our assets or a dissolution, each share of both class A common stock and class B common stock will have one vote only. Generally, the holders of a majority of the voting power of all classes of voting stock, in person or by proxy, shall constitute a quorum at a meeting of shareholders. Except when amending or altering any provision of our amended and restated certificate of incorporation or by-laws so as to adversely affect the rights of one class or as otherwise required by Delaware law, matters to be voted on by shareholders must be approved by a majority of all votes cast on the matter by the holders of class A common stock and class B common stock voting as a single class at a meeting at which a quorum is present, subject to any voting rights granted to holders of any outstanding shares of preferred stock.

Dividends

We do not intend to pay any dividends on our common stock in the foreseeable future and intend to retain all available funds for use in the operation and expansion of our business, including growth through acquisitions. Subject to preferences that may be applicable to any outstanding preferred stock, the holders of common stock are entitled to receive ratably any dividends declared from time to time by the board of directors out of funds legally available therefor. In addition, our Credit Facility contains restrictions on the payment of dividends. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations—Liquidity and Capital Resources” in our most recent Annual Report on Form 10-K and our Quarterly Report on Form 10-Q, each incorporated by reference herein.

Table of Contents

Conversion

Each share of class B common stock is convertible at the option of the holder into one share of class A common stock at any time prior to a tax-free distribution of the shares held by Morgan Stanley to its shareholders or securityholders (including a distribution in exchange for Morgan Stanley shares or securities) or another similar transaction intended to qualify as a tax-free distribution under Section 355 of the Internal Revenue Code of 1986, as amended, or any corresponding provision of any successor statute (a “Tax-Free Spin-Off”). In addition, prior to any Tax-Free Spin-Off, any share of class B common stock transferred to a person other than Morgan Stanley, Capital Group International, Inc. or their respective subsidiaries or affiliates, and any other transfer of such shares will result in the automatic conversion of those shares into shares of class A common stock without any action by the transferor or transferee.

Following any distribution of class B common stock to shareholders or securityholders of Morgan Stanley in a Tax-Free Spin-Off, shares of class B common stock will no longer be convertible into shares of class A common stock. Shares of class B common stock transferred to shareholders or securityholders of Morgan Stanley in a Tax-Free Spin-Off will not be converted into shares of class A common stock and, following a Tax-Free Spin-Off, shares of class B common stock will be transferable as class B common stock, subject to applicable laws.

Other Rights

In the event of any reorganization of us or a merger or share exchange of us with another corporation in which shares of our common stock are converted into or exchangeable for shares of stock, other securities or property, including cash, all holders of our common stock, regardless of class, will be entitled to receive with respect to each share held the same kind and amount of shares of stock and other securities and property, including cash.

In the event of liquidation, dissolution or winding up of us, the holders of common stock are entitled to share ratably in all assets remaining after payment of liabilities, subject to prior distribution rights of preferred stock, if any, then outstanding. There are no redemption or sinking fund provisions applicable to the common stock. All outstanding shares of common stock are fully paid and non-assessable, and any shares of class A common stock that we may issue in the future will be, validly issued, fully paid and non-assessable.

Preferred Stock

The board of directors has the authority to issue 100,000,000 shares of preferred stock in one or more series and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, dividend dates, conversion rights, voting rights, terms of redemption, redemption prices, liquidation preferences and the number of shares constituting any series or the designation of such series, without further vote or action by the shareholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of us without further action by the shareholders and may adversely affect the voting and other rights of the holders of common stock. At present, we have no plans to issue any preferred stock.

Certain Amended and Restated Certificate of Incorporation and By-Law Provisions

Opt-Out of Section 203 of the DGCL

We have expressly elected not to be governed by the “business combination” provisions of Section 203 of the DGCL until such time as Morgan Stanley and its affiliates, in the aggregate, own less than 50% of the aggregate voting power of our outstanding voting stock, after which we will be governed by those provisions. Section 203 prohibits a person who acquires more than 15% but less than 85% of all classes of our outstanding voting stock without the approval of our board of directors from merging or combining with us for a period of

Table of Contents

three years, unless the merger or combination is approved by a two-thirds vote of the shares not owned by such person. These provisions would apply even if the proposed merger or acquisition could be considered beneficial by some shareholders.

Requirements for Advance Notification of Shareholder Nominations and Proposals

Our amended and restated by-laws establish advance notice procedures with respect to shareholder proposals and nomination of candidates for election as directors.

Limits on Written Consents

Prior to a transaction or series of transactions which results in Morgan Stanley and its affiliates, in the aggregate, owning less than 50% of the aggregate voting power of our outstanding voting stock, the shareholders may amend our amended and restated certificate of incorporation in any manner as permitted by the DGCL.

Following Morgan Stanley and its affiliates, in the aggregate, owning less than 50% of the aggregate voting power of our outstanding voting stock, any action required or permitted to be taken by the shareholders must be effected at a duly called annual or special meeting of shareholders and may not be effected by any consent in writing in lieu of a meeting of such shareholders, subject to the rights of the holders of any series of preferred stock.

Limits on Special Meetings

Special meetings of the shareholders may be called at any time only by the secretary at the direction of the board of directors pursuant to a resolution adopted by the board of directors.

Corporate Opportunities

Our amended and restated certificate of incorporation provides that we renounce any interest in the business opportunities of Morgan Stanley and of our directors who are affiliated with Morgan Stanley, other than directors employed by us, and that neither our directors affiliated with Morgan Stanley, other than directors employed by us, nor Morgan Stanley have any obligation to offer us those opportunities. Morgan Stanley and any of our directors who are affiliated with it other than directors employed by us may, in the past, present or future, carry out and engage in any and all activities associated with any business, including, without limitation, principal investments and underwriting (including investments in and underwriting of, securities of entities directly or indirectly involved in any aspect of the financial services industry, including, without limitation, our direct competitors), trading, brokerage, agency, financing, derivatives, foreign exchange and asset management activities. Morgan Stanley and any of our directors affiliated with Morgan Stanley, other than directors employed by us, may (i) purchase and hold long or short positions, otherwise make investments, trade or otherwise effect transactions, for their own account or the account of their clients, in the debt or equity securities or loans of entities that may directly or indirectly compete with any or all of our business; and (ii) provide financial advice to our direct and indirect competitors.

Amendments to our Governing Documents

Generally, the amendment of our amended and restated certificate of incorporation requires approval by our board of directors and a majority vote of shareholders. Any amendment to our by-laws requires the approval of either a majority of our board of directors or holders of at least 80% of the votes entitled to be cast by the outstanding capital stock in the election of our board of directors.

Each purchase contract will entitle the holder thereof to purchase or sell, and obligate us to sell or purchase, on specified dates, such securities, currencies or commodities at a specified purchase price, which may be based on a formula, all as set forth in the applicable prospectus supplement. We may, however, satisfy our obligations, if any, with respect to any purchase contract by delivering the cash value of such purchase contract or the cash value of the property otherwise deliverable or, in the case of purchase contracts on underlying currencies, by delivering the underlying currencies, as set forth in the applicable prospectus supplement. The applicable prospectus supplement will also specify the methods by which the holders may purchase or sell such securities, currencies or commodities and any acceleration, cancellation or termination provisions or other provisions relating to the settlement of a purchase contract.

The purchase contracts may require us to make periodic payments to the holders thereof or vice versa, which payments may be deferred to the extent set forth in the applicable prospectus supplement, and those payments may be unsecured or prefunded on some basis. The purchase contracts may require the holders thereof to secure their obligations in a specified manner to be described in the applicable prospectus supplement. Alternatively, purchase contracts may require holders to satisfy their obligations thereunder when the purchase contracts are issued. Our obligation to settle such pre-paid purchase contracts on the relevant settlement date may constitute indebtedness. Accordingly, pre-paid purchase contracts will be issued under the Indenture.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units consisting of one or more purchase contracts, warrants, debt securities or any combination of such securities.

FORMS OF SECURITIES

Each debt security, warrant and unit will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depository or its nominee as the owner of the debt securities, warrants or units represented by these global securities. The depository maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Registered global securities

We may issue the registered debt securities, warrants and units in the form of one or more fully registered global securities that will be deposited with a depository or its nominee identified in the applicable prospectus supplement and registered in the name of that depository or nominee. In those cases, one or more registered global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by registered global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a registered global security may not be transferred except as a whole by and among the depository for the registered global security, the nominees of the depository or any successors of the depository or those nominees.

If not described below, any specific terms of the depository arrangement with respect to any securities to be represented by a registered global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a registered global security will be limited to persons, called participants, that have accounts with the depository or persons that may hold interests through participants. Upon the issuance of a registered global security, the depository will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depository, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in registered global securities.

So long as the depository, or its nominee, is the registered owner of a registered global security, that depository or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the registered global security for all purposes under the applicable indenture, warrant agreement or unit agreement. Except as described below, owners of beneficial interests in a registered global security will not be entitled to have the securities represented by the registered global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, warrant agreement or unit agreement. Accordingly, each person owning a beneficial interest in a registered global security must rely on the procedures of the depository for that registered global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, warrant agreement or unit agreement. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in a registered global security

desires to give or take any action that a holder is entitled to give or take under the applicable indenture, warrant agreement or unit agreement, the depositary for the registered global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to warrants or units, represented by a registered global security registered in the name of a depositary or its nominee will be made to the depositary or its nominee, as the case may be, as the registered owner of the registered global security. None of MSCI, the trustees, the warrant agents, the unit agents or any other agent of MSCI, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the registered global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depositary for any of the securities represented by a registered global security, upon receipt of any payment of principal, premium, interest or other distribution of underlying securities or other property to holders on that registered global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that registered global security as shown on the records of the depositary. We also expect that payments by participants to owners of beneficial interests in a registered global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers or registered in "street name," and will be the responsibility of those participants.

If the depositary for any of these securities represented by a registered global security is at any time unwilling or unable to continue as depositary or ceases to be a clearing agency registered under the Securities Exchange Act of 1934, and a successor depositary registered as a clearing agency under the Securities Exchange Act of 1934 is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the registered global security that had been held by the depositary. Any securities issued in definitive form in exchange for a registered global security will be registered in the name or names that the depositary gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depositary's instructions will be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in the registered global security that had been held by the depositary.

We and/or the selling securityholders, if applicable, may authorize underwriters, dealers or agents to solicit offers by certain purchasers to purchase the securities from MSCI at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. The contracts will be subject only to those conditions set forth in the prospectus supplement, and the prospectus supplement will set forth any commissions we pay for solicitation of these contracts.

Underwriters and agents may be entitled under agreements entered into with MSCI to indemnification by MSCI against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the underwriters or agents may be required to make. Underwriters and agents may be customers of, engage in transactions with, or perform services for MSCI and its affiliates in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market other than the class A common stock, which is listed on the New York Stock Exchange. Any underwriters to whom securities are sold for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The securities may or may not be listed on a national securities exchange.

Statements concerning our financial position, business strategy and plans or objectives for future operations are forward-looking statements. These forward-looking statements are not historical facts and represent only MSCI's beliefs regarding future events, many of which, by their nature, are inherently uncertain and beyond our control. EXPERTS

The consolidated financial statements incorporated in this prospectus by reference from the Company's Annual Report on Form 10-K, and the effectiveness of MSCI Inc.'s internal control over financial reporting have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports (which report on the consolidated financial statements expresses an unqualified opinion and includes an explanatory paragraph on the adoption of Statement of Financial Accounting Standards, No. 158, "Employers' Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106, and 132(R)"), which are incorporated herein by reference. Such consolidated financial statements have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

With respect to the unaudited interim financial information for the periods ended February 28, 2009 and February 29, 2008 which is incorporated herein by reference, Deloitte & Touche LLP, an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their report included in the Company's Quarterly Reports on Form 10-Q for the quarter ended February 28, 2009 and incorporated by reference herein, they did not audit and they do not express an opinion on that interim financial information. Accordingly, the degree of reliance on their report on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche LLP are not subject to the liability provisions of Section 11 of the Securities Act of 1933 for their report on the unaudited interim financial information because the report is not a "report" or a "part" of the Registration Statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the Act.
